

Remon Zakaria

Chief Executive Officer, DASHSOFT

 <p>Education</p>	<p>Bachelor of computer sciences and information systems Helwan University (2005)</p>
 <p>Business</p>	<p>CEO, DASHSOFT - an agile software house works only with cutting edge technologies, serving our customers who are the most influential in software industry.</p>
 <p>Community</p>	<p>Founder, .network - the first and biggest offline user group In Egypt , concerned mainly with connecting people, focusing on Entrepreneurship and Microsoft technologies stack.</p>
 <p>Beliefs</p>	<ul style="list-style-type: none">✓ Community, who goes around, comes around; also the good intentions. Giving the community will result in enhancing our Egyptian software industry making a bigger cake for all of us.✓ Entrepreneurship, small businesses are the only solution for growing our economy and decreasing unemployment. Each startup can reduce unemployment by at least 10 persons.✓ Export software, getting foreign currency to Egypt, strengthen our economy and giving a different image about Egypt to the rest of the world. A huge country like India considers IT & software industries a primary source of national income. We can do better.
